This Week at UUCOB

February 4, 2018 Worship Service

9:15 Discussion Group Topic: "Scientific Truth".

10:30 Service:— Rev. Kathy Tew Rickey, The Implicit “We If we are to become a radically hospitable and diverse congregation, we must be conscientious and intentional about exactly who is included in the “We.” Another way to put it: it is always good to check our assumptions and we must take care, as members of the dominant culture, not to appropriate cultural artifacts from cultures in which we have no experience

Our Valentine Dinner

In place of our usual First Friday potluck, we'll enjoy our annual Valentine Dinner on **Friday, February 16th** with Bill Ternent as head chef. The menu includes appetizers, salad, three choices of entrees (roast beef, salmon, or vegetarian stuffed Portobello mushroom) as well as coffee and dessert. The cost of this delicious four-course meal is \$25 and includes a glass of wine, beer or soft-drinks. We'll also have some wonderful music, so be sure to add your name to the list in the back

of our sanctuary.

SHARE-THE-PLATE— Meals on Wheels

On Sunday, February 18, one-half of your offerings will be shared with the Volusia Meals-on-Wheels program. This organization delivers hot food and big smiles to needy recipients. Once a day, Monday through Friday, volunteers deliver nutritious and tasty hot meals to ensure that our senior citizens get life-sustaining nutrition. While specially trained Meals-on-Wheels volunteers are delivering the hot lunches, they can also check on the welfare of these folks and bring them a friendly smile that brightens their day. Please be generous in assisting our seniors to better nutrition and in helping them to stay in their homes. All of our Share-the-Plate funds will stay in the Ormond Beach community for our seniors. Every dollar that you give is matched through Elder Source. **So . . . on February 18th please be generous.** --Harry White

Undoing Intersectional White Supremacy Racism is fundamental to U.S. social systems. White supremacy culture operates economically, institutionally, politically, and culturally, shaping everyone's chances to live healthy, fulfilling lives. It is also the nation's most toxic export, shaping policies and practices that do profound harm to the Earth and all living things. In depth presentation on this CASI will appear in a new window. Dismantling Intersectional Oppression Systemic injustices intersect across environment, race, gender and all other forms of oppression. Identifying the underlying mechanisms which enable systemic and intersecting injustices enables us to mitigate their harm. Intersectional justice calls us to work together across oppressions and become a movement of movements. In depth presentation on this CASI will appear in a new window.
